

contract shall require the producer to deliver to that handler a specified quantity of a class of oil from that producer's production at a specific price from a specified acreage and produced prior to 1982. The quantity of oil acquired by the handler pursuant to that contract during the 1980-81 or 1981-82 marketing year may exceed the producer's annual allotment for the applicable marketing year, but shall be charged against the producer's annual allotment for that year.

§ 985.55 Identification.

(a) Each producer shall, under supervision of the Committee, identify each class of oil within 15 days following its production, or such other period of time as is recommended by the Committee with the approval of the Secretary. Identification of oil shall be accomplished before its delivery either to a handler for handling as salable oil, or to the Committee or its designees for storage as excess oil.

(b) Identification shall indicate whether the oil is salable or excess oil and include the name of the producer, the class of oil, the net weight, the container number and such other information as may be required by the Committee.

(c) Identification shall be accomplished in accordance with rules and regulations established by the Committee with the approval of the Secretary.

(d) No handler shall handle as salable oil, and the Committee shall not receive as excess oil, any oil that has not been identified as provided in this section, and no person shall alter or remove any identification except when incidental to final disposition.

§ 985.56 Excess oil.

Oil of any class in excess of a producer's applicable annual allotment shall be identified as excess oil and shall be disposed of as follows:

(a) Before October 15, or such date as the Committee, with the approval of the Secretary, may establish, a producer, following notification of the Committee, may transfer excess oil to another producer to enable that producer to fill a deficiency in that producer's annual allotment, or

(b) Before November 1, or such other date as the Committee, with the approval of the Secretary, may establish, excess oil, not used to fill another producer's deficiency, shall be delivered to the Committee or its designees for storage. Such oil shall be stored for the account of the producer. All costs of storage including identification and insurance shall be paid by the producer of excess oil. No handler shall handle excess oil and no producer shall deliver excess oil to other than the Committee or its designees.

(c) The Committee, with the approval of the Secretary, may establish such rules and regulations as it deems necessary for the transfer or storage of excess oil.

§ 985.57 Reserve pool requirements.

(a) On November 1, or such other date as the Committee, with the approval of the Secretary may establish, the Committee shall pool identified excess oil as reserve oil in such manner as to accurately account for its receipt, storage, and disposition. The Committee shall store reserve oil for the account of the producer and maintain the identity of the reserve oil by producer's name, the year produced, the class of oil, and such other identification as may be used in normal commercial trade practices. The Committee shall designate a Committee employee as reserve pool manager.

(b) *Disposition.* (1) When, in any marketing year, a producer has produced less than the annual allotment of a class of oil, the producer may, upon notification of the Committee, fill the deficiency with the same class of reserve oil from the producer's prior production.

(2) Prior to March 15 of any year, or such other date as recommended by the Committee and approved by the Secretary, a producer may notify the Committee of a possible deficiency in the producer's ensuing year's production of oil and wishes to use reserve oil from own production to fill the ensuing year's annual allotment. The Committee shall approve the producer's request if the oil is still available at the time of the request.

§ 985.58

(3) Under supervision of the Committee, a producer may exchange salable oil for the same class and quantity of reserve oil from own production so long as the oil is properly identified.

(4) When the Committee finds that additional oil is needed to fill the normal market demand, it shall offer all or a portion of the reserve oil for sale to handlers. Offers to sell, extension of offers and withdrawal of offers shall be subject to disapproval by the Secretary. The Committee may establish rules and regulations governing the offers and sale to handlers.

(5) The Committee may use reserve oil for market development projects approved by the Secretary. Such projects may be conducted by the Committee or in conjunction with or through handlers.

(c) *Pool expenses and proceeds.* Expenses incurred by the Committee in handling and storing reserve oil shall be paid by the equity holders. The proceeds from the disposition of reserve oil shall be distributed, after deduction of any expenses incurred by the Committee in receiving, handling, storing, and disposing thereof, to the equity holders or their successors in interest, on the basis of the number of pounds, class of oil and quality credited to each equity holder's account in the pool. A full accounting to each equity holder, or successor in interest, in each reserve pool shall be made by the Committee annually.

§ 985.58 Exempt oil.

Oil held by a producer or handler on the effective date of this subpart shall not be regulated under this subpart if reported and identified to the Committee not later than 60 days after that date. Any such oil not reported and identified to the Committee shall be subject to all regulation under this subpart.

§ 985.59 Transfers.

(a) Nothing contained in this part shall prevent a producer from transferring the location where that producer's annual allotment is produced to another location except that the producer shall report the transfer to the Committee within 30 days after the transfer.

7 CFR Ch. IX (1-1-05 Edition)

(b) A producer may transfer all or part of an allotment base to another producer under rules and regulations established by the Committee, with the approval of the Secretary: *Provided*, That the allotment base obtained by transfer from another producer or issued pursuant to § 985.53(d)(1) shall not be transferred for at least 2 years following transfer or issuance, and that the person receiving the allotment base submit to the Committee, evidence of an ability to produce and sell oil from such allotment base in the first marketing year following the transfer or issuance of the allotment base.

REPORTS AND RECORDS

§ 985.60 Reports.

(a) *Inventory.* Each handler shall file with the Committee a certified report showing such information as the Committee may specify with respect to any oil which was held by the handler at such times as the Committee may designate.

(b) *Receipts.* Each handler shall, upon request of the Committee, file with the Committee a certified report showing for each lot of oil received, the identifying marks, class of oil, weight, place of production, and the producer's name and address at such times as the Committee may designate.

(c) *Other reports.* Upon the request of the Committee, each handler shall furnish such other information as may be necessary to enable the Committee to exercise its powers and perform its duties under this part.

§ 985.61 Records.

Each handler shall maintain such records pertaining to all oil handled as will substantiate the required reports. All such records shall be maintained for not less than 2 years after the termination of the marketing year to which such records relate.

§ 985.62 Verification of reports and records.

For the purpose of assuring compliance with record keeping requirements and verifying reports filed by producers and handlers, the Secretary and the Committee, through its duly authorized employees, shall have access to
